**RAUL HILBERG COMMENTS ON THE FIRST EDITION OF  
THE HOLOCAUST INDUSTRY**

"When I read Finkelstein's book, *The Holocaust Industry*, at the time of its appearance, I was in the middle of my own investigations of these matters, and I came to the conclusion that he was on the right track. I refer now to the part of the book that deals with the claims against the Swiss banks, and the other claims pertaining to forced labor. I would now say in retrospect that he was actually conservative, moderate and that his conclusions are trustworthy. He is a well-trained political scientist, has the ability to do the research, did it carefully, and has come up with the right results. I am by no means the only one who, in the coming months or years, will totally agree with Finkelstein's breakthrough."
